To our valued customer,

Welcome to this month's wintery newsletter! It is important to build and maintain strong immune resistance, don't wait until you get sick to start looking after your health. I suggest using the ARTEMIS Winter range to maintain good health and fight off illness. Start with a cup of **ARTEMIS Immuno Boost Tea**. It is a nice warming way to build winter resistance. For extra punch, add the **ARTEMIS Thyme Lemon Syrup** to the tea. My staff and I have a cup every morning to stay in top health.

The ARTEMIS syrup range is delicious, natural and boasts amazing health properties. A useful trick to remember which syrup to use is;
