Dear valued ARTEMIS customer,

Welcome to our 1st newsletter! We hope you enjoy reading about natural health.

While you're online, why don't you like our fan page ARTEMIS on facebook, follow our tweets on twitter or sign up to our blog. There's all sorts of information available on how to get & stay well.

Our motto is fresh from the fields right into your hands. Just as you choose fresh food to fuel your body, you are best to choose the freshest medicinal herbs to keep your body well.

- ◆ The ARTEMIS fresh-plant tinctures (oral drops) are 5x stronger than dry-plant tinctures. Meaning our 50ml bottle is equal to a 250ml dry-plant tincture bottle giving you optimal healing from the inside and value for your money!
- ◆ The ARTEMIS creams have 30% of fresh herbal extract added. That's the highest amount you can physically add to a cream. We are the only company in NZ to do this.
- ◆ We use the most recent harvest of organic and wildcrafted herbs.

No wonder our remedies work!

Wishing you good health & happiness.

Sandra Clair, Managing Director

Winter joints?

Stiff joints? Gout? Arthritic Pain?

This is the time of the year when this painful condition gets worse.

If this problem affects you or someone you know, try the ARTEMIS Arthro Ease Cream. It's the strongest herbal cream available in NZ to soothe aches & sore joints.

For an extra arthritic kick try the ARTEMIS Arthro Ease Tincture – these are oral drops which provide essential healing from the inside out.

"I have Rheumatoid Arthritis and have been using the ARTEMIS Arthro Ease Cream for approximately 3 years as I find it so effective. I recently combined it with the Arthro Ease Tincture and found that the two work together so well that I have been able to reduce my medication significantly. I will continue with this combination and work towards completely removing the medication. So good to find something that really works!"

L. McKenzie, Motueka
