

ARTEMIS

powerful natural remedies

To our valued customer,

We are well and truly in the depths of winter now, with Dunedin, and most of New Zealand buried under snow!

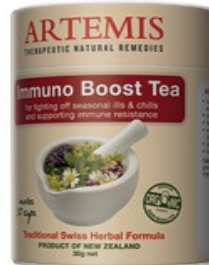

Did you know cold viruses are the most common infectious disease in humans? Adults have between 2-4 colds per year and children, depending on age and exposure, have between 6-10. One mug of **ARTEMIS Immuno Boost Tea** a day cuts down the incidence of a cold or flu significantly and is safe and effective for children. Try adding our delicious **ARTEMIS Thyme Lemon Syrup** for double the hit!

Why not try **ARTEMIS Arthro Ease Cream** this winter. It is a clinically proven herbal formula for joint function and mobility. Great in winter for those suffering from Arthritis as it heats and it heals.

On a personal note I have returned from an amazing and educational visit to Europe. It was a wonderful experience and I am excited to be returning to the office in August.

Wishing you good health & happiness,
Sandra Clair, Managing Director
 M.A., Post. Grad. Dip. Health Science.

Boost your immune system

ARTEMIS Immuno Boost Tea contains several immune boosting ingredients including Thyme, Aniseed, Elderflower blossom and Linden blossom.

Classified as natural antibiotics and antivirals with additional antispasmodic properties; they are a powerful combination that help to fight off: colds, flu, bronchitis and coughs.

- Supports build-up of immune resistance against infections of the upper respiratory tract
- Helps to fight off colds, flu, and coughs
- To prevent and treat hayfever
- Helpful for asthma and emphysema sufferers.

Sandra Says:

I always recommend this product for young children as it is sugar free and one of the few cold remedies suitable and safe for babies.
