

ARTEMIS

powerful natural remedies

To our valued customer,

It has been absolutely crazy down here harvesting and making our ever-popular, iconic ARTEMIS Elder Lemon & Thyme Lemon Syrups. The quality this year of the herbs we have collected I believe to be our best ever.

I cannot stress the point enough about the quality of the herbs that are required for our ARTEMIS remedies. Raised in Switzerland with the Swiss Alps as my playground, one could say I've been spoilt for choice with quality of herbs. However, I choose to obtain as many as possible of my herbs from carefully selected parts of New Zealand (grown organically or harvested in the pristine wild of course!) as the quality rivals the Swiss Alps.

This ensures the efficacy of the ARTEMIS products as only the freshest, purest and most therapeutic herbs are used in our remedies.

The syrups are very popular Christmas gifts as a health-enhancing present. As an added benefit they taste delicious so are ideal for people who have not 'embraced' natural health or for children that like a sweeter drink. Enjoy yours over the festive season in your favourite cocktail or mocktail!

Wishing you good health & happiness.
